

Emil Giegling was the speaker at the regular weekly meeting of the Kiwanis Club of Grayling held at the Lone Pine Inn Monday evening.

Mr. Giegling traced the 45 year story of the Kerry-Hanson Coring Co., for whom he works and announced the fact that the company was retiring from business as of October 1.

He said that changing economic conditions along with the removal of a source of raw material to furnish distances were the prime reasons for stopping the manufacturing of flooring. The demand for hardwood flooring has also slipped and southern manufacturers are taking the bulk of the business.

He told of a single order in 1912 for one million feet of hardwood flooring that the company secured between 40 and 50 railroad cars to move the shipment.

Along some of the bigger accounts that the company was privileged to serve was the construction of J. L. Hudson Company and General Motors Building, both in Detroit.

Mr. Giegling then stated that in both of these mammoth Detroit buildings hardwood floors were not seen anywhere as they were covered by other types of floor covering.

He also touched on the once export business that the company had. That dwindled during World War I and by the time of World War II was just about gone due to economic conditions in Europe and reciprocal trade agreements between Britain and colonies.

He said that a good, going wood-working concern had an option on a plant and negotiations should be completed this week.

Mr. Giegling also pointed out that if some reason a deal could not be worked out with this company, it would or five other reputable manufacturers were interested.

He added that Kerry-Hanson company wished, of course, to get the highest value from the property, but also wished to sell to a going concern who would provide employment for the employees and in the business life of Grayling.

Mr. Giegling also pointed out that the payroll still contained the names of employees, Adolphus Sander who started with the company at its inception and still comes to work there.

This will pass the last vestiges of the once huge operations in lumber around Grayling. As the number of different types ran out, one by one dropped from the picture.

Meet the Candidates

For Sheriff

This is the fourth in a series of articles that brings short life sketches of the candidates for nomination for County offices. This article covers the five candidates for the office of Sheriff.

William F. Goinick, present Crawford County Sheriff who is seeking nomination on the Republican ticket, was born in Detroit on February 1, 1904. He attended school in that city finishing up at Northwestern High School. He moved with his parents to Beaver Creek Township, Crawford County in 1919. In 1928, he was united in marriage to Ruth Lovely.

Mr. Goinick worked for 15 years for the Highway department and two years with the Conservation Department. He served several terms as undersheriff and the past two terms as Sheriff. He is a member of the Grayling Masonic Lodge, the Moose, Grayling Aero Club, Grayling Sportsmen's Club and both the State and National Association of County Sheriffs.

The present sheriff is the father of seven children. One son, Harold, better known as "Tike", is serving with the armed forces in Korea, a second son, William "Fritz", has re-enlisted in the armed forces and will soon be leaving for induction. His daughter, Geraldine is a registered nurse and expects to go into service also.

Paul Crawford of Grayling is also seeking nomination on the Republican ticket for the office of County Sheriff. He was born in Ohio in 1901 and came to Michigan in 1913. He attended school in Flint.

Mr. Crawford enlisted in the Navy near the close of World War I and served for four years. He was honorably discharged from the service and returned to Flint where he met and was united in marriage to the former Mable Kellogg, daughter of the late Ed and Bessie Kellogg. They moved to Grayling in 1928 and have lived here ever since.

Mr. Crawford is the father of eight children, six boys and two girls. Two of his sons served in the Navy during the last war and one is in the Navy at the present time.

The second Republican candidate for the office of Sheriff has had nine years experience in the department having served three years with Sheriff Jesse Bobenmoyer and six years with Sheriff Frank Bennett.

Homor G. "Mud" King is also a candidate for the office of Sheriff on the Republican ticket. He is a native son having been born in Grayling on April 10, 1917. He attended and graduated from Grayling High School and is married to the father of four children. He works as a carpenter.

Mr. King served for 18 months with the Michigan State Troops and then entered the United States Army during World War II. He served in the armed forces for 20 months with 13 months spent overseas in Japan. He is a member of the Grayling Post 108, American Legion and has been a member of the Grayling Fire Department for 11 years.

Engle-Stephan Win Canoe Race

Leading the second place team across the finish line by only three seconds, the canoe team of Ted Engle of Gaylord, and Jay Stephan of Grayling, won the First Annual Sturgeon River Canoe Race Saturday afternoon.

The race, that had a field of eight, two men canoe teams, was the highlight of the day-long Second Annual Wolverine Trout Festival held Saturday there.

The winning team completed the estimated 35-mile Sturgeon river run in three hours, 19 minutes and 33 seconds to win the race and the \$50 first prize money.

Only three seconds behind the Engle-Stephan team in crossing the finish line, but a minute and three seconds behind them in crossing the line, was the team of Al Gierke & A. J. Hubbell, of Grayling.

They completed the twisting, fast water course in three hours 20 minutes and 36 seconds to win the \$24 second prize money.

In third place were Richard Laney and Manuel Diamond, of Alpena, who were awarded a \$16 prize for their time of three hours, 28 minutes and 40 seconds.

Hugh and Frank Blissette, Oscoda, brother team that has twice won the Michigan Championship Canoe Race down the Ausable River from Grayling to Oscoda, dropped out of the Sturgeon River contest about two-thirds of the way down to the finish line.

Observers said they, the Blissette brother's canoe, the longest in the race, had difficulty negotiating the sharp turns in the fast moving Sturgeon River, as they were hopelessly handicapped.

Only other team that failed to finish was that composed of Walter Kierce and Melb LeMieux, of Alpena. A sharp rock punched a hole in the bottom of their craft about a half-hour paddle from the race's starting point at the Cornwell ranch, eight miles south of Wolverine. As a result they were unable to continue.

Other contestants finished as follows:

Fourth Donald McPhee and Ross Gilbert of Alanson, fifth B. J. Hubbell and C. A. Papendick of Grayling, and sixth Gilbert Hoover and Thor Ronemus of Columbus Beach on Indian River.

Robert Nelson is also a candidate for Sheriff on the Democratic ticket. He is also a native son, having been born in Grayling on September 14, 1924. He attended grade and high school here leaving his high school career in the 11th grade to enter the service during World War II. He served 8 months in the service and then was given a medical discharge.

He was united in marriage in 1945 to the former Florence Wolf. The couple have two children. Mr. Nelson is employed at the Beaver Creek oil fields. He is the son of the Tracy Nelsons of Grayling.

Virgin K. "Jack" Wade is a candidate for the office of County Sheriff on the Democratic ticket and was born at Van Wert, Ohio in June 1898 to Frank and Flora Wade. He attended grade school at Columbus Grove, Ohio, and High School at Toledo Stickney High School. He then sailed for a year on the Great Lakes.

Mr. Wade then took an engineer's course in Toledo and became an engineer in Ohio and New York State. Then followed two years with the Frueshauf Company of Detroit as a salesman. Mr. Wade then went into property management in connection with a roofing and siding company in Toledo. During that period, Mr. Wade took a two year metallurgical course at Cleveland University.

He with Mrs. Wade moved to Grayling in 1937 and bought the boat and cabin business of Mrs. Milns at Lake Margrethe. He has made his home here since that time.

Grayling Ties In Loop Play

The Grayling Independents tied for second place in the North Central Michigan Baseball League last Sunday even though they were not in action. A loss by the Roscommon Shamrocks to Rust in a make-up game threw the Shamrocks into a three way tie with Grayling and Mio for second place.

The league pennant winners, Houghton Lake also lost Sunday in a make up game to Mio which allowed Mio to pull up to the tie for second place but which did not effect Houghton Lake's lead.

A meeting this Wednesday night at Roscommon will decide the manner in which the playoff for second place will be handled. The schedule calls for a playoff game for the league's second spot position this coming Sunday, August 20. On August 27, the winner of the second place will meet Houghton Lake there in a playoff game for the League playoff champion ship.

"Sermon In Song" To Be Given Here

The sermon in song is to be presented on August 27 at the Michelson Memorial Church.

The sermon in song is a beautiful and brand new way of telling the story of the Bible. Beginning with the old testament the story is woven in song and narration and follows through the New Testament to complete the message of the Gospels.

The sermon in song, using special lighting equipment, which is carried to each location, and the special costumes, which add much to the effectiveness of the production, is a program which will linger in your memory for a long, long time. It is an hour and fifteen minutes of the finest sacred music and beautiful, powerful narration.

Rev. Ohmer J. Curtiss, who is a minister in the Methodist Church, is the soloist and Mr. Keith Hirshey is the narrator. They have worked many, many months to prepare this presentation.

There is no charge for this evening of "entertainment with a message" but a free will offering will be received.

The wives of the officers of the Michigan National Guard cordially invite the ladies of Grayling to attend a dessert card party to be held at the officers club, Camp Grayling, on Tuesday, August 22 at 1:00 P. M.

Crawford First In Bond Drive

Crawford County with 566.73 of its quota raised in the Independence Saving Bond Drive again led the State of Michigan to a figure of 122.1 per cent of the quota raised, according to John Bruun, local Savings Bond chairman.

Crawford County's quota was \$3,000 and \$17,009 was credited to the county's quota which more than made the quota five times. The state's quota was \$32,834,000; the amount of savings bonds sold in Michigan during the drive was \$40,092,856.

The State of Pennsylvania led the nation with a percentage mark of 129 while Michigan with its figure of 122.1 virtually tied New Jersey for second in the top ten industrial states of the Nation.

There were fears that Michigan might for the first time fail to meet her quota when reports on July 8 indicated that bond sales were badly lagging throughout the state. But special efforts by several county chairmen, the radio and press as well as co-operating banks and post offices and other issuing agencies sold a total of \$11,803,009 in Series E bonds in the final week to fill about one-third of the entire quota and bring the state through again over her designated quota.

What Is The Answer?

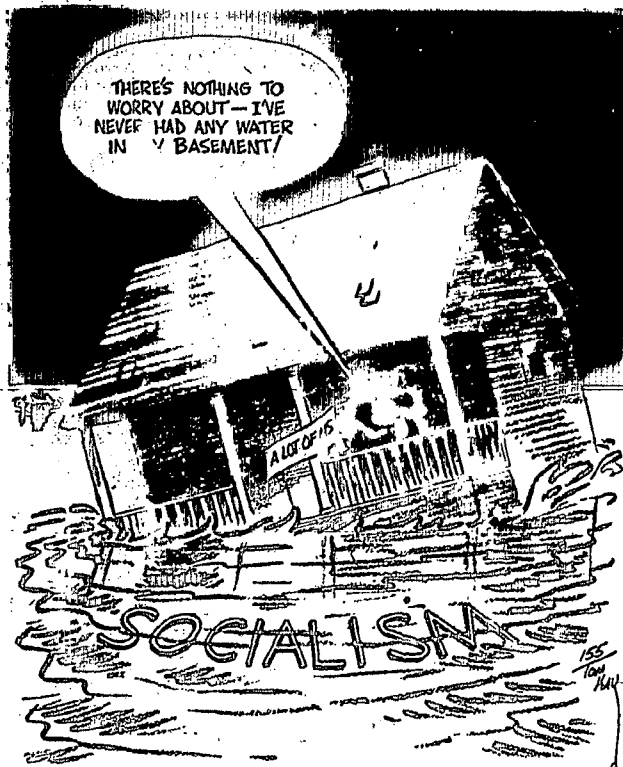

There are two diametrically opposed views concerning the origin of the Korean war. One is that it was stimulated by the Russians on the theory that the United States and its allies would do nothing more than write formal letters of protest; that the North Koreans would overwhelm the ill-equipped South Korean defenders in a couple of weeks or so, and that another nation would easily be added to those within the Kremlin's sphere of influence. If that view is correct, the Russians could not have been more wrong.

The other view is grim. It is that Russia anticipated in advance what we would do, and that it was a deliberate, Kremlin-conceived trap. We would spend our resources in Korea, while Russia contributed nothing to the conflict except some equipment and top leadership. In due time, this view holds, the same thing will happen elsewhere—in Iran, Formosa, perhaps Europe. The West will be forced to spread itself paper thin all around the world. Eventually, it will be bled white, and then Russia, with her strength unimpaired, will move in for the kill.

That view is enough to send the chills down any spine. There is no question but what a basic Soviet technique is to have other peoples do the fighting. The Asiatics are particularly useful grist in this kind of a mill. They are fatalistic and fanatical. Human life has small value in their eyes. Americans who have been at the Korean front have all been impressed by one dreadful fact—no matter how many of the enemy are slaughtered, they keep on coming in wave after wave.

However, a strong case can be made on behalf of the view that this time the Kremlin woefully misjudged the temper of the United States. The Korean war has done more than any single thing since World War II to cement the Western nations. The United Nations is no longer just a debating society on the international level—it is a belligerent, and its flag flies in South Korea.

FIRST OF THE FINE CARS IN VALUE

BIG MOMENT—

with a Double Impact

It's a big moment when any new car rolls up to your door and you start out fresh and spanking bright.

Think, then, what it's going to mean when that new car is a ROADMASTER like this one pictured here.

You'll swing wide the door and slide into a car that's truly fine—and looks it.

You'll put foot to treadle and touch off the might of a great, 152-horsepower Fireball straight-eight that's ready to master any road—or anything it meets there.

You'll have the silken magic of Dynaflow Drive to simplify your

driving, ease your way. A handsome flexible steering wheel, automatic windshield washers, soft Foamtex cushions, and many other items that are "extras" elsewhere are standard equipment here.

But even while you enjoy all that, you've a still deeper satisfaction enriching your pleasure.

For here you have not only a fine car, but a sound and frugal investment as well.

You have paid less per pound than any comparable car costs—and automotive men will tell you price per pound is the soundest measure there is of solid, thoroughgoing merit.

You've bought quality—top quality—all the fine things a fine car should provide. But you haven't spent a penny more than a fine car need cost.

And that can mean a lot. For instance—

Drop in on your Buick dealer. Try out a ROADMASTER. Match it, feature by feature and point by point, with any other fine car on the road.

Then get the price.

You may well find that you can get not only a new ROADMASTER for the sum you had in mind—but maybe a new fur coat for your wife as well!

FOUR-WAY FOREFRONT. This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Interest Shown In Blue Cross Drive

Requests for applications from
local residents show an increasing
interest in the Blue Cross Com-
munity Enrollment here. Mr. F. D.
Snyder, Blue Cross District Man-
ager announced here today.

The Blue Cross "Community
Plan" drive now under way of-
fers hospital and surgical protec-
tion on a prepaid basis to all
county residents under 65.

Mr. Snyder said that the "en-
rollment-by-mail" campaign will
end August 25, 1950. He explained
that the purpose of the campaign
period is to eliminate physical ex-
amination or health statements

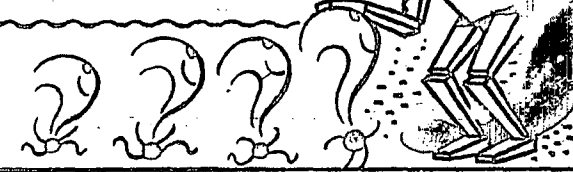

from applicants and to enable
Blue Cross to maintain its liberal
policy on chronic and pre-existing
conditions. He also explained
that the "enrollment-by-mail" re-
duces campaign expenses and thus
permits enrollment without a
policy fee being charged to sub-
scribers.

Mr. Snyder advised that appli-
cations and folders are available
at the hospital; and that while the
request for application must be
made on or before August 25,

1950, subscribers who have re-
ceived their application will have
until October 1, 1950, to make the
first quarterly payment for Blue
Cross membership.

The local "enrollment-by-mail"
campaign is a part of a state-wide
program initiated by the Michigan
State Medical Society and the
Michigan Hospital Association to
extend membership in the Blue
Cross Plans to persons unable to
enroll through regular group re-
quirements.

The American Way

The words "Michigan" and "fishing" are practically synonymous at this time of
the year. And after an exciting day's fishing, it's the "American Way" to enjoy
a glass of cool, refreshing Michigan brewed beer to top off the day.

For beer is the kind of beverage Americans like. It belongs ... to pleasant living,
to good fellowship, to sensible moderation. And our right to enjoy it, this too,
belongs ... to our own American heritage of personal freedom. *Beer Belongs ... Enjoy It*

Barber Shop Quartet Society Invades AuSable Valley

People who have a marked bent for good old fashioned "close harmony" either as singers or listeners, will be intrigued to learn that a chapter of SPEBSQSA (Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc.) has been organized in Oscoda County. This remarkable organization of singers and would-be singers operates on an international scale and is fast approaching a total of 700 chapters scattered throughout the United States and Canada. There are 65 chapters in the State of Michigan but the chapter in Oscoda County is the first to be organized in that particular part of the State.

The revival of the ancient and melodious art of barber shop harmony singing has become a serious hobby among men in America. The revival received impetus by the formation of SPEBSQSA in Tulsa, Oklahoma in 1938. "Barber Shop Quartet" has been common parlance for several generations. It traces its origin to a period when the barber shop was actually the headquarters of male

singing groups.

For a hundred years North Americans have searched for music that was truly national in its appeal, but without measurable degree of success. One cannot pass over lightly the current barber shop quartet revival. Through this medium native talent is given an outlet available in no other way. True barber shop harmony music is original harmonization, created by members of the singing group of old, and not so old melodies.

A member of SPEBSQSA need not be a talented singer, or for that matter, need not sing at all. He can be one who wants to learn to sing with other men, either in a quartet or a choral group, or who is content to listen to close harmony as sung by his fellow members.

Hundreds of SPEBSQSA quartets and choruses made thousands of appearances before groups of service men during the war—and are now busy entertaining Army, Navy and Veterans Hospitals and for others where entertainment is most needed. Chapters of the Society are constantly in many ways contributing altruistic service to local charity and community projects as well as on a nationwide scale. Thus what began only as a hobby has grown into a medium of usefulness that is founders never contemplated.

The Oscoda County Chapter is
